

Patented Sole and Tire Cleaning System for the Beverage Industry

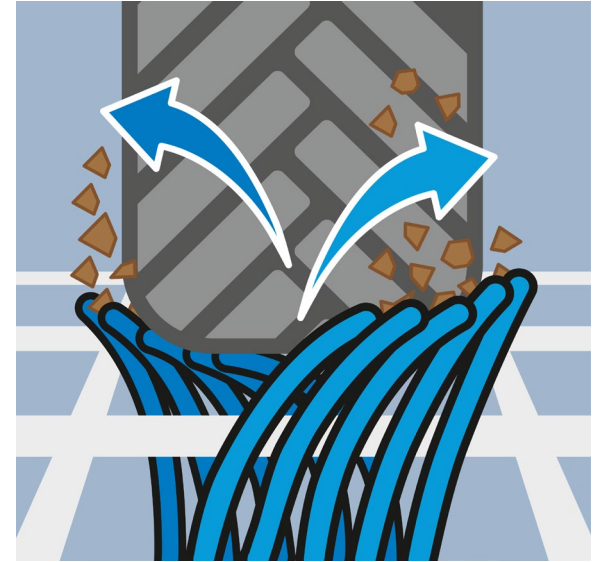

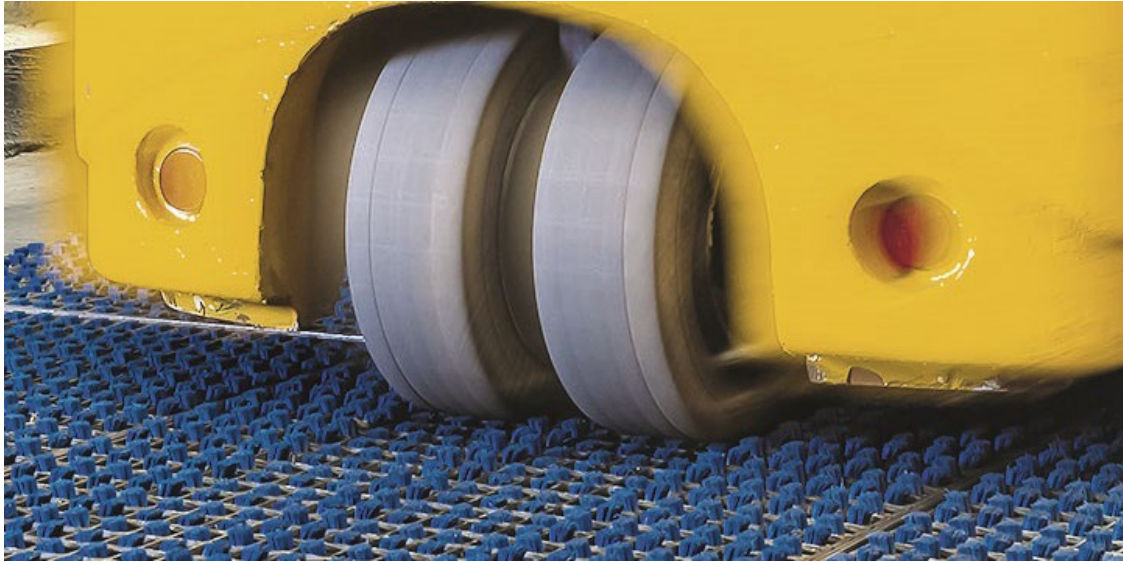

The Problem

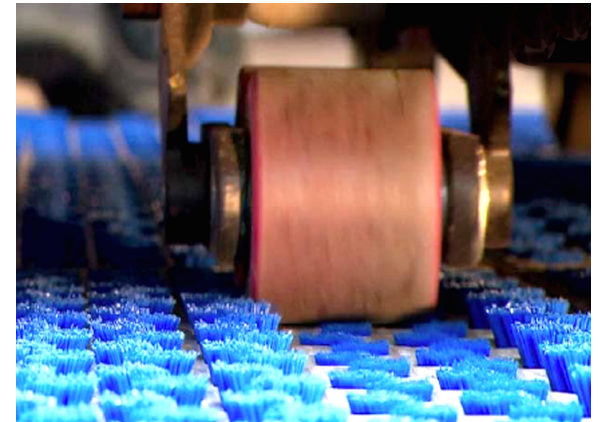

... the Solution!

The Principle

The ProfilGate®
Video is available here:

The Advantages

- purely mechanical
- high efficiency
- patented brush strips with slanted bristles
- long durability
- easy maintenance
- increase of warehousing periods

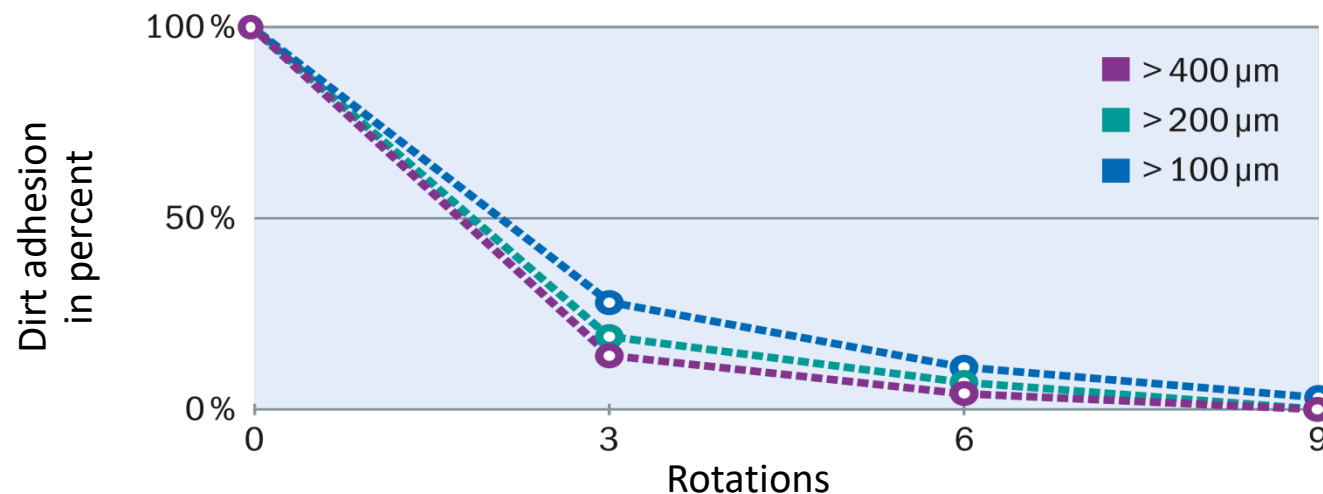

Proven Effectiveness – Dry Cleaning

Scientific analysis using a direct contact test (DCT) and REM-EDX technique

Only 3 rotations are needed in order to remove up to **80%** of adhering dirt from small wheels and rollers!

Typical Applications

When is the Application worthwhile?

- in cases where in-house cleanliness is indispensable and all existing measures are not reliable
- in cases where workplace safety shall be improved
- in cases of high cleaning costs
- in cases of high vehicle frequency
